Financial Agreement

We will be happy to file your primary insurance as a courtesy, but all fees, including the assignment of benefits from the insurance company are the responsibility of the patient. The patient is responsible to pay the fees for the work that is received including any deductible, co-payment, or charges the insurance company does not cover.

If you do not have insurance, payment will be expected in full at the time of service. We gladly accept Cash, MasterCard, Visa, Discover, CareCredit and Checks.

Please understand that the patient's co-payment is calculated based upon the information that the insurance company gives to us as an **estimated** percentage of the total fee. Sometimes dental insurance companies pay more or less of that percentage. In these cases, you would either have to cover the difference or you would have a credit added to your account.

The insurance agreement is between you, the patient, and your insurance company. Our office does not have any contracts with any dental insurance companies. We are happy to file your insurance and accept assignment of benefits to facilitate your dental treatment. This is a courtesy that we are very glad to offer to our patients. Our relationship is with our patients and not with the insurance companies.

We do appreciate your timely payments. Interest will be added to any balance that is sixty days past due at a rate of 18%.

Thank you and if you have any questions please do not hesitate to ask our office staff. The telephone number is 828-254-1561 and we are available Tuesday through Friday.

I have read and understood the dental insurance information
